

## NOTICE OF ADDRESS CORRECTION AND CERTIFICATE OF SERVICE

I certify that on June 17, 2026, at 12:06 AM, I submitted this “EMERGENCY MOTION TO STAY OR EXTEND APPELLANT BRIEF DEADLINE; FOR LEAVE TO FILE DELAYED OBJECTIONS AND RECONSIDERATION OF DOC 31-1 AND DOC 42-1; FOR PANEL REVIEW; AND FOR THRESHOLD CAPTION, ACCESS, SERVICE, RECORD-CORRECTION, TRUTH-CERTIFICATION, AND NO-GOOD-FAITH / IFP RELIEF BEFORE MERITS BRIEFING” to the United States Court of Appeals for the Sixth Circuit through the Court’s designated pro se email filing address.

I served defendants and/or their counsel by email at the same time I emailed this filing to the Court, consistent with prior court-staff approval for email filing and service. A copy of the transmittal email, including the names and email addresses noticed, is provided as proof of service.

Most noticed email addresses were obtained directly from the “Attorney to be Noticed” section of the TNMD PACER docket because the Sixth Circuit docket does not display all counsel email addresses in the same usable manner.

To add, update, or remove an email address from this service and distribution list, please email [notice@fentonvstory.com](mailto:notice@fentonvstory.com).

This filing was transmitted approximately six minutes after midnight despite my best efforts to meet the deadline. As a pro se litigant, I am required to print, physically sign, scan, and email filing documents. During final emergency preparation, my printer toner unexpectedly ran out immediately before I urgently attempted to print and execute this filing. I had diligently worked on this filing for nearly 24 hours straight. The delay was not caused by lack of effort, abandonment, or disregard of the deadline, but by emergency filing conditions, my disability-related

communication and drafting burdens, and the unresolved access posture addressed in the filing. I respectfully request leave, for good cause, for the approximately six additional minutes required to complete transmission.

I also notify the Court that, because of those same emergency filing conditions, the motion transmitted at 12:06 AM contained my former signature/address block on page 16. I am submitting a corrected version of the same motion with this filing and respectfully request that the Court file or substitute the corrected version in place of the version transmitted at 12:06 AM. I certify that the corrected version is identical in substantive content to the version transmitted at 12:06 AM, except that the signature/address block on page 16 has been corrected.

I also maintain public notice pages at <https://fentonvstory.com/notices/> and <https://fentonvstory.com/defendant-notices/>. Because of the emergency timing and access limitations, I respectfully request reasonable latitude to complete any supplemental email or website notice steps within a few days after filing.
